Sub: Fisheries - Ice Plant and Cold Storage at Mangalore - Telegraphic Code address - Expenditure - Sanction - Requested.

Ref: G.O.Ms.No.1539 Agriculture dated 16-6-56.

In the G.O. cited Government were pleased to sanction the running of the plant at Mangalore departmentally for one year from 1-7-1956.

Now the Fisheries Refrigeration Engineer, Mangalore has reported that during the nine months of its trail run the plant has transacted substantial business and has within this short period of operation gained wide popularity among the fishermen of the South Kanara District. As already reported considerable quantities of prawns frozen in this Plant have been exported to the U.S.A. Since this Plant deals with fish which is highly perishable and as the fish landing centres are mostly miles away from the plant it is absolutely necessary to have the quickest mode of communication between the customers and the plant for delay means heavy financial loss to the party. The fishermen miles away on the coast are in need of Insulated vans or ice. Their need can be met in time if telegraphic communication is established with some facilities to the customers on the expenditure involved in such communications.

I submit below a code telegraphic address:

"Ice House - Mangalore"

for the approval of the Government. I request that Government may be pleased to sanction an expenditure of Rs.20/- per annum towards Registration charges of the above address.

For Addl. Director of Industries and Commerce.
